

HEROISM OF THE BOERS WINS THE ADMIRATION OF THE WHOLE WORLD

Gen. Cronje and His Men Dig Deep Into the Ground

BLOODY SLAUGHTER PEN AT PAARDESBURG FILLING UP

Thousands of Dead Burghers Line the Trenches and Holes in the Ground in the Fatal Valley—Gen. Roberts Keeps Pouring in Shrapnell and Lyddite With Greater Fury Than Ever—Every Visible Object in The Transvaal Camp Is Destroyed—Unless Reinforcements Come Soon They Must Surrender or Die—No Hope But Death For the Gallant 8,000—Buller Still Sticks Fast On the Tugela—Boers Putting Up a Heroic Campaign All Along the Line—England Admires the Heroism of the Enemy.

Paardeborg, Feb. 24.—[Special Cablegram]—The bombardment of the Boer laager continued all day today. The Shropshires rushed the trench last night just after the bombardment ceased and found many dead Boers.

Gen. French's cavalry patrols have captured two small detachments of the Boers who escaped the cordon surrounding Cronje's army. One hundred and five prisoners were taken. It is reported

credence that Ladysmith has been relieved.

It is also reported that Gen. Cronje has surrendered 8,000 men and that Gen. Kitchener has been slightly wounded in the left arm.

Crowds throng the streets singing and cheering because of supposed victories. Seventeen Boers have been killed or wounded, the latter it is reported, including Gen. Cronje.

Private Rumor in Berlin

Berlin, Feb. 25.—[Special Cablegram]—Several local newspapers print dispatches saying that the news has been received from private sources to the effect that Gen. Cronje has succeeded in forcing his way through the British lines.

GEN. CRONJE IS STILL AT BAY

The Boer General Still Continues His Resistance to Kitchener

London, Feb. 24.—A dispatch to the Daily Telegraph from Pietermaritzburg, dated Thursday, says:

"Fighting is proceeding in the vicinity of Pietersburg this morning. General Buller's advance is being opposed by both big gun and rifle fire."

Gen. Cronje Still Fighting

Mr. Balfour announced in the house of commons at 12:30 this morning that no further news regarding Gen. Cronje had been received by the government. He had sent to the war office during the hour and he asserted that nothing had come to hand there.

Gen. Cronje, therefore is presumably still unbeaten. No other construction is placed upon the three days' silence of Lord Roberts.

Yet no one sees how it is humanly possible, judging from the description of his situation Tuesday night, for him to resist so long. Great Britain does not withhold admiration for the valor of a losing fight against such odds.

English Praise Cronje

"Englishmen feel something like pride in Cronje, even as a foe," says the Daily News.

"In a position covering only a square mile, hemmed in on all sides, circled with a chain of fire from rifle, Maxim and howitzer, played on by deadly lyddite, bursting in its own sickly green light, his hastily built trenches enflamed by a stream of lead swooping down the river from the north bank, General Cronje still elects to fight. It is a magnificent courage."

Gen. Cronje's wife is described by the prisoners as urging him to surrender in order to save the lives of his men, but he would not.

The British cavalry patrols sent by Lord Methuen north of Kimberley discovered the Boers concentrating, whether for offense or defense is simply conjecture.

The Boers seem to be retiring from General Gatacre's front at Sterkstroom in order to re-enforce the Free Staters.

Ladysmith Not Relieved

Ladysmith had not been relieved when the latest news left Natal two days ago. The Boers had then retired half way between Ladysmith and Colenso. If only 6,000 went to the Free State, as both the Boer and the British accounts assert, the 12,000 who are left may purpose to maintain the siege and to resist General Buller within concentrated lines although the impression at General Buller's headquarters is that the Boers are merely covering a retreat.

GEN. CRONJE ACTS PART OF A HERO

Believed to Be Sacrificing His Army to Save the Free State

London, Feb. 24.—All British accounts agree in stating that Commandante Cronje's army is suffering

martyrdom under the most rigorous bombardment that the ingenuity of man ever inflicted. The surrender of the Boer army at the moment it was demanded by Gen. Kitchener, when the British hosts had completed their fatal chain around it, would probably have meant a death blow to the Boer cause. The road to Bloemfontein would have been left open, and the whole of the Orange Free State would have been at the mercy of the invaders.

Two or three days' delay might enable part of Gen. Joubert's army and other federal forces to assemble for effective resistance to the British advance by establishing a second line of defense, which had long been planned. Commandante Cronje and his brave men simply decided to throw themselves beneath the wheels of the British juggernaut in order to purchase this brief delay at the expense of their lives.

Not this or any other age can show a sublimer deed, and it has awakened even the admiration of the Boers' enemies. The whole world will pay tribute to this exhibition of valor, which is one of the grandest that the century has witnessed.

The situation as hitherto described in the dispatches was that up to Wednesday morning, since when there has been no news from any source, and what has happened during the past three days cannot even be guessed at. There is, however, a strong probability that strong Boer re-enforcements have arrived in the neighborhood of Commandante Cronje's laager and that the operations extend far beyond Koodoe's rand.

From two sources there is mention of Petrusburg as a battle center.

Petrusburg is nearly twenty miles southeast of Koodoe's Rand drift and Commandante De Wet's report suggests that he collected there re-enforcements from the north and south, and the small commando which Gen. Roberts dispersed Tuesday. Gen. Roberts is not improbably fully occupied with these, while Gen. Kitchener is trying to crush Commandante Cronje. The silence of the British commander certainly favors this idea.

NEW RICHMOND RELIEF

Report of the Committee Appointed by Gov. Scofield—Business Entirely Resumed.

New Richmond, Wis., Feb. 24.—The report of the committee appointed by Governor Scofield to take charge of the distribution of relief funds among the residents of New Richmond who suffered by the tornado of June 12, has been filed by Chairman O. W. Mosher of New Richmond.

The report includes a detailed list of receipts and disbursements of the committee. It shows that St. Paul and Minneapolis combined furnished \$39,000 for the relief of the sufferers, while Milwaukee, more than 300 miles away, sent \$13,000.

The successful manner in which the relief work was carried on, is shown by the present prosperous condition of the afflicted city. Business has been resumed on the former scale, bridges, water tower, city pumping station, public schools and electric light system rebuilt, and bonded to the legal limit of five per cent. The reestablishment of city institutions on the old scale induced business men to remain in the city.

The report shows the total receipts to have been \$137,406.13.

COMPROMISE ON PORTO RICO BILL

An Effort is Under Way to Smooth Things Over For Its Passage.

Washington, Feb. 24.—[Special Telegram]—A committee of [Republicans] who oppose the pending Porto Rican bill conferred with the leading supporters of the bill today in an endeavor to effect a compromise, but it is believed the meeting failed of results.

COUNT BONI WILL MAKE PROMISE GOOD

Anna Gould and Her Husband Arrive Safely In French Metropolis Today.

Paris, Feb. 24.—[Special Cablegram]—Boni Castellane and wife arrived from the United States today. The count sent word to the newspapers that he would fulfill the promise made in New York regarding the editor of the Figaro.

NELLIE GRANT SARTORIS SICK

Operated Upon in New York For the Removal of a Cancer

New York, Feb. 24.—Mrs. Nellie Grant Sartoris, Gen. U. S. Grant's favorite child, came to New York from her mother's home in Washington to have a cancer removed by a skillful surgeon. It was announced today that her physician believed the operation was successful and that she was now on the road to recovery. Mrs. Sartoris is at the home of her physician and will remain there several weeks longer.

PAUNCEFOTE GIRL TAKES THE RING

Washington Was All Agog Over a Brilliant Wedding Today

PRESIDENT WAS THERE

English Ambassador Entertains 400 Guests at a Big Wedding Breakfast

The Honorable Lillian Pauncefote is United in Wedlock to Robert Bromley, Immensely Wealthy and Heir to a Great Title—Young Couple Are Cousins and Have Long Been Sweethearts—Only One American Bridesmaid.

Washington, D. C., Feb. 24.—[Special Telegram]—Washington official and social society was greatly interested in the wedding which occurred at noon today of Robert Bromley, honorary attaché of the British embassy, and Miss Lillian Pauncefote, daughter of Lord Pauncefote of Preston, British ambassador to the United States.

It was one of the most brilliant social events held in Washington during the present season. The young lady is Miss Lillian Pauncefote, and she is the first ambassador's daughter to be married in our national capital. But Washington must seem almost like home to the Pauncefotes, for they have lived there for the last 10 years.

Miss Lillian is one of the four daughters of the British ambassador. The Misses Maud and Violet are older, Miss Audrey is the youngest. They are all charming girls and have enjoyed Washington society greatly. At the same

time they are intensely English, and although they have received much attention from many Washington gallants, they have remained single.

The young man whom Miss Lillian is to make happy is a thorough Briton. He is Mr. Robert Bromley and holds the post of honorary secretary to the British embassy.

The ceremony took place in the spacious and luxuriously furnished rooms of the British embassy. The president, with all the members of the cabinet and the entire diplomatic corps were in attendance. As a social event it eclipsed anything of the kind that has been held in Washington for years.

CALLS M'KINLEY A MURDERER.

Violent Language Used by a Delegate in Anti-Imperialist Conference.

Philadelphia, Pa., Feb. 24.—President McKinley was called a murderer at the eastern conference of anti-imperialists Friday. A resolution was adopted, declaring that "the present administration, under the leadership of President McKinley," had undertaken to extend the sovereignty of the United States over various tropical islands by force of arms and without the consent of the inhabitants of those islands. Several delegates opposed the mention of President McKinley's name in the resolution, but Frank Stephens of this city said: "That murderer is the man who is chiefly to blame for the shame that rests upon this country, and his name should not be removed." Senator Hoar came in for some criticism. Several of the delegates declared that little assistance could be expected from him, owing to his staunch support of the president.

HONOR FOR DAVIS' MEMORY

Anniversary of Birth of Confederacy's President Made a Holiday.

Richmond, Va., Feb. 25.—The Virginia Legislature today made June 3 a legal holiday and a day of recreation in the public schools in honor of Jefferson Davis' birthday. Men of all parties in the legislature voted for it.

PLATFORM OF G. C. CLEMONS

Tells How He Stands as a Candidate for President.

Topeka, Kan., Feb. 24.—A movement has been started among the populists who bolted the recent populist conference at Lincoln, Neb., to nominate G. C. Clemens of Topeka for president on a straight-out populist ticket. J. B. Osborne, who represented Georgia at the conference, and who was among the bolters, has written Clemens, asking him if he would accept the nomination. Osborne says the matter was discussed at a conference of the bolters, and they expressed themselves to the effect that Clemens was the proper man. When interviewed today Clemens said: "If the 'middle of the roaders' would stand for international socialism, take the socialistic view of trusts, let Bryanism and free silver go, and stand for flat money redeemable only in service by the government's transportation, telegraph and postal systems, and in products from public stores, and would denounce the imperialism issue as an attempt to divide the people and make them fight another sham battle to drown the cry of misery, if nominated I will make the race."

ALBANY TO SAIL ON MARCH 1

Cruiser Bought by America in England Is Soon to Be Sent Across.

London, Feb. 24.—The American cruiser Albany, the sister ship to the new Orleans was purchased just before the breaking out of the war with Spain and was recently completely, will sail for the United States on March 1.

JUDGE BAENSCH IS OUT

Manitowoc Man Says He is Not a Candidate for Gubernatorial Honors.

Milwaukee, Feb. 24.—Judge Emil Baensch is out of the race for governor on the Republican ticket. Recently the Dodge county Republicans adopted resolutions declaring for Judge Baensch for governor and the impression gained ground rapidly that this was meant as a starter for the entrance of the Manitowoc man into the fight. Today Judge Baensch makes a statement which knocks out any hopes of his friends or fears of his enemies. He says:

"I am not a candidate and shall not be a candidate for the Republican nomination for governor. I shall not be a candidate before the state convention, and in fact, am not a candidate for any office. I want to make this understood."

JUDGE CANTRILL WONT HOLD COURT

He Objects to the Presence of Soldiers and Mountaineers in Frankfort.

Frankfort, Ky., Feb. 27.—[Special Telegram]—Judge Cantrill has refused to hold court here on account of the presence of soldiers and mountaineers. The state election board held a meeting this morning, but will not finish the work or minor offices today. The republican members of the house absented themselves today, thus preventing a regular session on account of a lack of quorum.

TROUBLE OVER FOOTBALL GAME

Wisconsin and Michigan Quarrel Over Location of Annual Contest.

Madison, Wis., Feb. 24.—What looks like the beginning of a wrangle between Wisconsin and Michigan, leading possibly to a complete severance of athletic relations between the two institutions, cropped out today in the refusal of the athletic board to accept Michigan's proposition for a football game next fall. Michigan wrote asking for a game for Detroit or Ann Arbor on Nov. 3. The board refused the proposition on the ground that the last game was played on neutral ground and the one before that on Michigan ground and that according to the principal of rotation of games so persistently advocated by Michigan the game next fall should be played at Madison or Milwaukee.

It is possible that Wisconsin will agree to a compromise and play the Wolverines at Chicago, but it is practically certain that the Badgers will not play at either Ann Arbor or Detroit. There is some friction between Michigan and Wisconsin, and now that an agreement has been reached with Chicago the Badgers do not care whether they play the Wolverines or not. Several very advantageous offers for games have been received and no fear is felt over arranging a satisfactory schedule without Michigan.

A new offer was voted Phil King which was practically an acceptance of his proposition. He is offered \$3,500 a year for three years to coach the baseball and football teams. It is thought King will accept this offer.

An indoor meet will be held in the gymnasium tonight with Beloit. At first it was thought that only a few of the college athletes were coming up to run with the 'Varsity sprinters for practice but it seems Beloit is going to send up a team of fifteen men with competitors for all the events.

AGREE UPON THE FINANCIAL BILL

Outline of the Measure As It Will Be Finally Passed.

RADICAL CHANGE MADE

Gold Reserve and Bond Refunding Plan Will Save Nation Millions

Establishes the Gold Standard and Provides For a Redemption Fund of \$750,000,000—It Cancels Treasury Notes As Fast As Standard Silver Dollars Are Coined—Provides For Gold and Silver Certificates and For National Banks in Small Towns.

Washington, D. C., Feb. 24.—By the agreement among the conferees of the senate and house yesterday afternoon, the passage of a financial bill is assured which marks the most radical change in banking and currency methods since the passage of the resumption act.

The agreement in the conference practically ends everything, as the party majority in each house is sufficient to send the bill to the president, without change.

The bill, as agreed on, makes gold the standard of the country, provides for maintaining the parity between all kinds of money on a gold basis, encourages the banks to increase the notes in circulation, provides for more subsidiary coinage and a greater amount of small notes, and, finally, provides the refunding of nearly all the national debt at a rate which will save the people millions of dollars annually.

The bill as it comes from the conference is almost wholly the bill passed by the senate. The house has yielded practically everything in dispute and has secured only a few unimportant concessions.

The language of the bill has been changed in some instances and the sequence of paragraphs altered, but for all practical purposes the law as the president signs it will be the bill as it passed the senate.

Expands Present System.

It is a notable fact that the new currency measure merely extends and expands the present banking system and the present currency scheme. The gold standard is firmly fixed and the banks have an incentive to issue notes, but there is not the faintest suggestion of asset banking or any of the other alleged financial vagaries recommended by the secretary of the treasury and the financial conference at Indianapolis.

On the contrary, the legislation finally enacted by congress is directly opposed to these theories and utilizes existing law in all cases, changing the standard only by reaffirming it in stronger terms and adding to the circulating medium only by the kind of notes to which the people are already accustomed.

Existing bonds are not interfered with, but all new bonds will be specifically payable in gold. The provision for refunding the national debt, which neither the Indianapolis conference nor the secretary of the treasury seems to have thought of originally, is extremely popular in congress, and it is believed it will be a source of strength in the coming campaign.

What the Bill Means

The feature of all this currency legislation is the creation of an enlarged gold reserve, and the restriction of bond sales so as to prevent the proceeds being used for current expenses. When there is a deficit it will be provided for by the certificates of indebtedness authorized by the war revenue act, which grants permanent authority in this direction to the secretary of the treasury.

The refunding feature of the new law is really simple, although the expression of the method is such as to create confusion in the minds of laymen.

The refunding operations cover practically all the bonded debt of the United States except the Cleveland loan of \$162,315,400, which carries 4 per cent, and is not redeemable until 1925, so that it was considered impossible to offer inducements to holders to exchange them.

The refunding provided for by the new law, if successfully carried out, will save millions of dollars annually in interest charges, and it is believed a 2 per cent. bond can be floated at par without difficulty.

BUTTERMAKERS END MEETING

National Legislation is Urged in Resolutions Adopted

Lincoln, Neb., Feb. 24.—The butter-makers' convention closed last night. The resolutions adopted urge minor changes in the method of examining exhibits, favor rigid inspection of all butter intended for export, and "most heartily endorse the efforts of the National Dairy union, to secure national legislation which shall prevent the fraudulent substitution of yellow oleomargarine for butter on the tables of the people of the United States."

GENERAL F. A. CRONJE.

that two thousand Boers are operating north of this place.

Gen. Roberts today brought up some guns and the bombardment continued with greater fury than ever. Every visible object in the Boer camp was destroyed. The Boers are apparently dug deep into the ground.

London Filled of Rumors.

London, Feb. 24.—[Special Cablegram]—London is full of rumors of British victories in the Orange Free State and Natal, but there is no news. The prolonged tension is telling on the people's nerves.

The Cape Town correspondent of the Evening News writes under the date of February 22, that it is reported that Buller and White have joined forces. The impression prevails that a big battle has been fought, or is now in progress between Warren's division and the Boers in the passages near Pieters, half way between Colenso and Ladysmith.

Reports of General White's activity are encouraging to the British, and are taken to indicate that the Boers are loosening their grip on Ladysmith. News from Roberts and Buller is awaited with equal eagerness.

Negotiating to Surrender.

London, Feb. 24.—[Special Cablegram]—A Dordrecht dispatch of the 21st, says that the Boers in that vicinity have opened negotiations with Gen. Brabant looking forward to a surrender to the British. Brabant, it is asserted has offered easy terms and in the mean while has ceased operations.

The war office today announced the following casualties sustained in the fight in the Orange Free State and near Modder river. Koodoosburg Drift five men and four officers killed, forty-two wounded; Klip Kraal Drift, three officers and seventy-six men wounded; Kerom one man killed and two wounded.

The British steamer Ethiopian is reported lost with thirteen drowned.

TOBACCO CROP IS WELL CLOSED OUT

Small Business in the Buying of New Crops is Still Going on in Rock County.

A small business in the buying of the new crops is still being conducted in several of the tobacco sections of the state, that is gradually clearing away the remaining fraction of the crop, says The Wisconsin Tobacco Reporter. Some of the late operators assert that fully 90 per cent of the crop has now passed from first hands. Probably there is less tobacco remaining in country districts than a year ago this date. So generally speaking the crop is fairly well bought up as in ordinary years. Sales reaching us since last report are:

John Casey, 10a at 7.5¢ & 2c.
Wm. Olson, 5a at 6.1¢, 5.5¢ & 2c.
A. K. Nordness, 7a at 6.1¢.
Frank Hutton, 5a at 6.1¢ & 2c.
Chris Fisher, 4a at 7.5¢ & 2c.
Wm. Rodofelt, 3a at 6.1¢ & 2c.
Mrs. C. E. Grinde, 7a at 6.1¢ & 2c.
And. Balaist, 4.5a at 6.1¢, 4.5¢ & 2c.
Albert Fuller, 7a at 6.1¢ & 2c.
Fred Kiltner, 3.5a at 5.5¢ & 2c.
Martin Gilbranson, 3.5a at 4.5¢ & 2c.
Gallagher Bros., 6a at 5.5¢ & 2c.

The inquiry after cured leaf continues a feature of the market. The stocks are becoming down so low that small orders mainly are filled.

The new crop is steadily being received at the packing houses, though the big receiving days are about over for the season.

The shipments out of storage from this station reach 13 carloads, 620 from the week to all points. About 950 cases of cigar leaf were exported from New York since last report.

NEW ELECTRIC HEADLIGHTS

On Trains That Pass Through Here on the Northwestern

The Northwestern has equipped its fast mail trains, Nos. 2 and 9, running between the Twin Cities and Chicago, with electric headlights. The first intimation of the approach of a train is when a brilliant shaft of light shoots athwart the yards and throws a broad ribbon of radiance on every object for hundreds of feet in front of the engine. Switchmen stand out in bold relief like figures in a calcium light. The new lights are the same as those used on big ocean steamers, and will pierce heavy fog or a blinding snow storm. They are placed on top of the engine near the smoke stack. The engines are so wired that the engineer has incandescent lights in the cab.

FUN IN KENTUCKY SENATE

Republican President Stalls a March on His Democratic Opponent.

Frankfort, Ky., Feb. 24.—Lieut. Gov. John Marshall stole a march on Lillard Carter, the democratic president pro tem of the senate, Friday. Shortly before 10:30 o'clock he entered the senate chamber and took the president's chair and gavel. A few minutes later Carter slipped into a chair alongside of Marshall, who moved up and made room for his friend, the enemy. The two shook hands and the two-ringed circus began. Promptly at 10:30 o'clock both rapped for order and both called upon the senate to stand for prayer. The Rev. Mr. Taliaferro offered an invocation. The moment the prayer was ended Clerk Desha began reading the democratic journal, while Senator Dye (Rep.) moved that the senate adjourn. All was confusion, both democrats and republicans seemingly enjoying the fun. Lieut. Gov. Marshall put the motion to the republicans and declared the senate adjourned. As the republicans filed out Mr. Marshall smilingly handed the gavel to Carter and took a seat at one side. At this there was a ripple of laughter from both sides. The democratic senate then proceeded under Carter. The local authorities and detectives who are here working on the Goebel murder declare that the man who fired the fatal shot is known, and say hands can be laid upon him at any moment. They state, however, that his arrest is being delayed in the hope that proof may be worked up against others who are suspected in order that they may be taken into custody at the same time. This is virtually an admission that those suspects now under arrest are innocent.

BAKER'S BREAKFAST COCOA

"Known the world over. Received the highest honors from the medical practitioner, the nurse, and the intelligent housekeeper and caterer."—*Dietetic and Hygienic Gazette.*

Walter Baker & Co. Ltd.

DORCHESTER, MASS.

Established 1730.

THIS PHYSICIAN APOLOGIZED

Acknowledged That He Spoke Hasty to the Telephone Girl

One of Janesville's leading physicians has apologized to one of the "hello" girls at the central office of the Rock County Telephone office. It all happened in this way:

The physician in question was greatly vexed one day at not being able to receive the number that he called for. He was politely told each time by the girl at the central that the line was busy. Without waiting the doctor in question hastened to the central office to air his grievance. Here, in a loud tone, he told his troubles to the manager. Without further delay the manager took the much injured doctor by the arm and straight to the switch board he marched him. Then he informed him that every time one of the little caps dropped it meant the arrival of a call.

The doctor stood there one minute. In that time fifty-four calls were received by three girls. The physician thought this sufficient work for a dozen girls and especially when this rate of calls kept coming all day long. He then asked for the "hello" girl that he had talked so harshly with. On being presented to her he made a most gracious bow and he begged her pardon.

BROOM CORN ADVANCING

Product Advancing, and Manufactured Article Rising in Price.

Even the humble broom, the servant of every one which keeps the world clean and brushes the dirt away from sight, is the victim of the rise in prices and the cost is soaring away up-out of sight.

Several advances have been made and another is about to be made each one putting up the price of individual brooms. The holders of broom corn are keeping their stock in their barns waiting for the top notch and will make a handsome thing from the shortage and rise in prices.

JAMES M'QUADE'S BENEFIT DANCE

Held at the Armory Last Evening and Was Largely Attended—Realize About \$225.

As the result of the benefit dance held at the armory last evening James McQuade is better off financially to the extent of about \$225. The event was a benefit ball. Mr. McQuade is now dangerously ill as the result of an accident in this city on the railroad. He was struck by an engine while walking on the tracks near the North Bluff street crossing. As the result of his injuries he recently suffered the loss of one of his arms. His recovery is still a matter of much doubt. Numerous friends of late have been canvassing the city selling tickets and on all sides they found ready purchasers.

Tuckwood's orchestra was on hand last evening and they furnished music that was excellent in every respect. The floor was in charge of the following committee: Ben Dugan, J. C. McGinley, Will McGinley, Charles L. Young, T. F. Siegle, Arthur Little, James Kirk and John Keenan.

AN ANNUAL PRAISE SERVICE

Held Last Evening in the Parlor of the Presbyterian Church.

At the Presbyterian church parlors last evening members of the Woman's Missionary Society held their annual praise service. The program proved a most interesting one. Miss Clara C. Hanson was the leader. Among those who took part were Miss Matella Calkins, Miss Emma Paulson, Mrs. J. E. Bennett, Miss Margaret Paterson and Mrs. A. A. Jackson.

During the evening Miss Nott sang a solo and Mrs. Charles F. Yates and Miss Nott delighted the ladies with a vocal duet. The program closed with a prayer by Mrs. E. H. Pence and the singing of the doxology.

PLACE STAMPS IN BOOK FORM

United States Government May Soon Provide This Means

Janesville people may soon be able to buy stamps in book form for convenience in carrying them in their pockets. The department at Washington has been at work on the idea for some time, and while the local authorities have not yet been notified, there is reason to believe that the experiment will soon be tried. A Washington dispatch says that orders are pouring in for them. Announcement was made several days ago that the postoffice department had arranged to issue 2 cent stamps in book form, charging 25 cents, 49 cents or 97 cents each. It was stated at the time that no books would be on sale before April.

WILL WRESTLE AT ALBANY.

Match Made Between McLeod and Turk No. 2 For Next Monday.

Arrangements have been made for a wrestling match which is announced to take place at the opera house in Albany, on Monday, February 26, between C. McLeod and Turk No. 2. The Greek, who weighs 225 pounds, agrees to throw McLeod three times in an hour. The bouts will be catch as catch can. Police Gazette rules to govern. There is a side bet of \$250 a side in which the stakes have been put up in the hands of the stake holder, John Kline of Beloit.

Edgerton Teachers' Institute.

A teachers' institute will be held in Edgerton March 2 and 3, and for conductors of this institute, the best available talent in Wisconsin has been secured. Prof. Walter Willis White, just out of the Boston school of oratory, will give some readings; Prof. Hutton will be in attendance; and take an active part. Teachers from far and near are expected, and County Superintendent Ross asks to have the cooperation of the people in Edgerton.

Pastors are respectfully asked to announce the institute, and especially the evening session on Friday, from their pulpits.

"Necessity

Knows No Law."

But a law of Nature bows to the necessity of keeping the blood pure so that the entire system shall be strong, healthy and vigorous.

To take Hood's Sarsaparilla, the great blood purifier, is therefore a law of health and it is a necessity in nearly every household. It never disappoints.

Tired Feeling—"I had that tired, dull feeling, dyspepsia, headaches and sinking spells, but Hood's Sarsaparilla made me a new man. I never was better than now." JOHN MACK, Oklawaha, Iowa.

Rosy Cheeks—"I have good health and rosy cheeks, thanks to Hood's Sarsaparilla. It builds me up and saves doctor's bills." MARY A. BURKE, 404 East Clair Street, Indianapolis, Ind.

W. J. CANNON,

THE CURRENT HISTORY CLUB

Meeting Held Last Night at Residence of Mrs. Amy Kneff.

The Current History club of Court Street met last night at the residence of Mrs. Amy Kneff, corner of South Main and Oakland avenue. The occasion was certainly a pronounced success. Mrs. J. L. Hay presided and the following program was rendered.

Mr. Jesse Earl read a paper on money that showed much research and thought. Mr. Leonard Matthews sang with telling power a bass solo "King of the Main." He responded to an encore. Mrs. J. L. Fletcher read a very excellent paper on "Underground Transit in New York and Elsewhere." Dr. E. E. Loomis read a thoughtful paper on "The Arbitration Treaty." By special request Mr. Matthews sang another solo.

S. C. Burdham gave a very interesting talk on "Our Colonial Problem." It was very timely. The last paper was by C. J. Hendricks on "The Nicaragua Canal." Mr. Hendricks treated his subject with great thoroughness and discrimination. All present were pleased and profited. By vote of those present the club will meet in the church parlors in the future. A large attendance will thus be more easily accommodated.

RAISE GAME BIRDS HERE

Many Fighters of the Feathered Tribe Produced in Janesville

Janesville probably produces as many fighting game birds as any town of its size in this section, and there are but few fights in this section where Janesville birds are not represented in the pit. That does not mean that Janesville men fight them, for many of them are sold to other parties or lent for the occasion, and they do say that the Janesville birds have a habit of staying to the end. Fanciers in this city constantly receive invitations to the fights in neighboring cities, but locally things have been very quiet, the local fanciers saying that they merely raise the birds for the pleasure of it and the profit in the sales.

Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of MOTHER'S FRIEND before and after childbirth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at 50c per bottle. Our little book, telling all about this great remedy, will be sent free to any address by THE BRADFIELD REGULATOR COMPANY, Atlanta, Georgia.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed,
Tender nor highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

R & G

When an R & G Corset is made, it is stretched over a steam-heated, iron form with a pressure of 600 pounds, that takes out every atom of "give" in the goods. The iron form is modeled after a perfect human figure and each style of R & G Corsets has its special form.

R & G Corsets are the only corsets that are made in this way—the only corsets that will not stretch—the only ones that do not have to be broken in.

Every R & G Corset is guaranteed to fit and wear satisfactorily.

The picture shows the style of our popular Number 397 which sells at \$1. It has absolutely all the perfection of shape, fit and wear that any corset can have, no matter what the price. No corset of any other make is as good at any price.

Your dealer can supply you with R & G Corsets, if he will. If he will not, write to R & G CORSET CO., 375 BROADWAY, N. Y.

ABOUT SENATOR JONES.

Senator Alfred M. Jones, of Waukesha, has announced his candidacy for the republican gubernatorial nomination, and as he is an exceptionally astute politician he will certainly be in evidence when the state convention meets. Senator Jones or "Long Jones" as he is better known, has an interesting history. The Evening Wisconsin prints this sketch:

Brought up in Warren, Joe Davis county, Illinois, Mr. Jones' home was within half a mile of the Wisconsin line. He was married in Walworth county, Wisconsin. Sixteen years ago he acquired a property interest in the Bethesda spring, in Waukesha and during the last eight years he has made his home in the Western Saratoga. Just as he took a great interest in Republican politics in Illinois he became conspicuous in Wisconsin politics after he took up his residence in this state. For twelve years he was chairman of the Republican state central committee of Illinois. He had charge of the political affairs of Gen. John A. Logan and landed him in the United States senate. He was also a great friend of Senator Cullom of Illinois and took part in his campaigns. Last winter at Madison "Long" Jones was the manager of the senatorial campaign of Joseph V. Quarles and was successful in the end.

The candidate for governor of the Badger state was for two terms a member of the Illinois legislature. During one of these terms there was another man in the legislature named Jones and the Chicago Times' correspondent notified his readers that for the sake of brevity he intended in the future to call Assemblyman Alfred W. Jones of Joe Davis county, "Long" Jones. The name has stuck to him ever since. As the candidate measures 6 feet 4 1/2 inches, the sobriquet is certainly appropriate. Mr. Jones is so widely known as "Long Jones" that when President Hayes appointed him collector of internal revenue the Washington authorities had to telegraph him for his real name in order to put it on the commission. It is said that it cost him \$18 to answer the several telegrams which came to him on that subject.

A press dispatch makes the announcement that:

"The value of the egg crop of the state of Missouri exceeds in amount the value of the cereal crop of that state sold on the market."

This explains it. Milwaukee was "thrown down" in Kansas City's favor because the boys preferred eggnog to beer.

The Richmond Center Republican Observer does not believe in the anti-pans law. In an editorial on the subject of Senator Stebbins' candidacy for governor, The Republican Observer mentions

the fact that the senator voted against the law, and says:

"We have no quarrel with Mr. Stebbins on the pass question. It is our opinion that he took the correct and sensible view of the case."

In venting his wrath because of the defeat of Milwaukee, one of the Cream City convention claimants said:

"Whenever the democratic party gets a chance to make an ass of itself it does so."
"True for ye," as Mr. Dooley says.

Mr. Bryan is exceedingly delicate in not wanting to be called "Colonel." The speech he will make to the democratic convention on "the glorious Fourth" will neither match the title, nor be in keeping with the traditions of the day.

The democratic national convention is to be held on July 4, but under the circumstances it will be an exceedingly sacreligious meeting. No haul-down-the-American-flag assemblage should be called to order on July 4.

An unusually squibby squib will be fired at Kansas City on July 4 next. Milwaukee and Janesville, however, will observe the day with due respect.

The police system is to be strengthened in many ways this year, and \$300,000 will be expended in bettering it.

Not Paris, not Janesville.

It is not likely, however, that Mr. Frick will be able to make Mr. Carnegie resemble so small a sum as thirty cents.

Olga Nethersole's press agent appears

to be the thorough master of his complicated and exacting calling.

Long Jones, being 6 feet, 4 inches tall, is certainly "head and shoulders above them all."

The Milwaukee baggage car also returned home from Washington empty handed.

Winning battles in the Transvaal appears to be decidedly up kopje work.

Milwaukee, too, fell by the wayside, "shot with a golden bullet."

SEVERAL INJURED IN A WRECK.

Passengers and Trainmen Severely Shaken Up in a Railroad Wreck.

Steuenville, Ohio, Feb. 24.—An extra west-bound Panhandle freight was derailed east of Dinsmore, Pa., Friday night and passenger No. 34, known as "the Greaser," east-bound, came along before a flagman could be sent out, and a wreck followed that injured several persons and damaged engines and cars. Both engines are complete wrecks. Fire started in the passenger and baggage cars, which were consumed. All of passengers and trainmen were shaken up considerably.

Terre Haute, Ind., Feb. 24.—The west Terre Haute, Ind., Feb. 26.—The west span of the Big Four bridge over the Wabash river gave way Friday afternoon as a freight train was crossing, and the engine and thirty-nine cars out of a total of fifty fell in the river.

The Tripler Liquid Air Company absolutely controls all the inventions, rights and appliances of Charles E. Tripler for the manufacture and utilization of liquid air. The priority and value of these rights constitute A MONOPOLY OF THE FIELD, since no other patents of practical utility have ever been granted.

THE COMPANY HAS A FACTORY IN OPERATION IN NEW YORK CITY, WHERE LIQUID AIR IS BEING MANUFACTURED IN COMMERCIAL QUANTITIES, AND IT IS BEING USED DAILY IN LEADING HOSPITALS AND FOR MOTIVE POWER.

NO LONGER AN EXPERIMENT.
Prof. Tripler's discovery—liquid air—has therefore passed the experimental stage and can now be profitably used everywhere for refrigeration and motive power, as well as in numerous other important lines. Its utility and practicability have been demonstrated beyond question.

Charles E. Tripler, President of this Company, is the inventor of the only practical devices for the production and utilization of liquid air on a commercial scale. He is not connected, directly or indirectly, with any other company, and is to liquid air what Thomas A. Edison is to electricity.

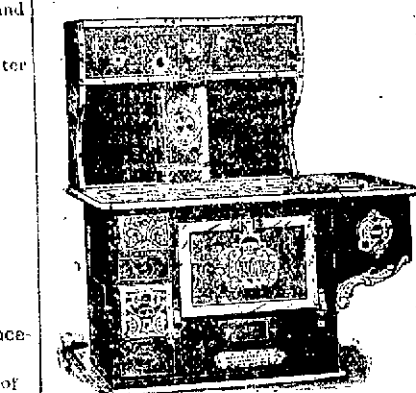

PRACTICAL USES:
The cost of refrigeration in the United States is estimated at over \$150,000,000 annually; by the use of liquid air a saving of over one-half is assured.
As a simple instance, in the shipment of fruit from California, 55 gallons (500 lbs.) of liquid air per car will do the work of 5 tons of ice, with dry air instead of moist air, and will save more than \$100 per car in ice and its freight.
This means over a million dollars profit annually, and is but a very small fraction of the immense refrigeration and cold storage business of the country, as well as that of ocean steamships.
For motive power on land and sea, liquid air will produce as great a percentage of saving and relatively greater profits than for refrigeration.

A GOOD INVESTMENT.
The directors now offer to investors one hundred thousand (100,000) shares of stock at Five Dollars (\$5.00) per share for the purpose of enlarging and equipping our present overburdened plant.
This is the first and only stock of this company which has ever been offered for sale to the public. The stock is full paid and non-assessable, and the stockholders are free from all liability.

GOOD FINANCIERS BELIEVE THAT THIS STOCK WILL SOON HAVE A CASH VALUE OF MANY TIMES ITS PRESENT PRICE; AND THAT THE EARNING AND DIVIDEND PAYING CAPACITY OF THIS ENTERPRISE WILL BE EQUAL TO THAT OF THE GREATEST DISCOVERIES HERETOFORE GIVEN TO THE WORLD.

THE PERSONNEL OF THE DIRECTORY ASSURES AN EFFICIENT AND ECONOMICAL MANAGEMENT.

Kindled Fires for Twenty-Eight Years.

W. H. Lathers, who lives on the

old Burr Robbins farm on Eastern Avenue, is ahead one \$50.00 Brand Steel Range because in 1872 he was good enough judge of stoves to purchase a Brand cook stove at that time and has used it constantly ever since. The Brand Stove Co. offered this elegant steel range a Midwinter Fair prize to Rock County people. Mr. Lathers had never spent a cent for repairs on his stove until last September, and with a few minor fittings it will be good for 10 years more. He bought it of Carrington & Thomas, at Clinton, Wis., in 1872. All these facts have been investigated thoroughly. There was great satisfaction among Rock County people for this steel range. Many applications were made a large number of fine testimonials for Brand Stoves came to us.

One family used a Brand Stove 28 years.
Five families used Brand Stoves 25 years.
Four families used Brand Stoves 24 years.
Four families used Brand Stoves 22 years.
One lady bought a Brand stove second-hand 19 years ago and she is still using it.

Could anything be stronger as a recommendation than the great lasting qualities of Brand Stoves. Special sales continue balance of the week.

Her Only Regret

Mrs. Peabody Had Passed Through the Most Trying Experience of Her Life Before She Found a Remedy for All Women's Ills.

Mrs. Mary M. Peabody.

Nobody who sees Mrs. Mary M. Peabody, of 42 Water Street, Haverhill, Mass., to-day will find it easy to believe that she has passed her 63d year and has endured more suffering than comes to the ordinary lot of women. How she regained health and happiness is best told in her own words. She says:

"Last winter and spring I had the grip which left my system all run down, I also suffered from female weakness and troubles peculiar to women. I had no strength and no ambition. My friends did not think that I would live and I was afraid that I was going into consumption. I recalled the benefit that Dr. Williams' Pink Pills for Pale People had done me in a former illness, and last July I began taking them. They did not disappoint me. I used several boxes of them and from a total wreck I was made a healthy woman. My only regret is that I did not know of Dr. Williams' Pink Pills for Pale People when I had the change of life. I am now enjoying the best of health, eat heartily and sleep soundly—all due to Dr. Williams' Pink Pills for Pale People. There are many facts about my case that I do not care to have published but I will gladly answer any woman who cares to write me about the subject."

Subscribed and sworn to before me this first day of September, 1899. THOMAS W. QUINCY, Justice of the Peace.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuritis, rheumatism, nervous headache, the after effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow and cannot be excelled by "openings" in the country.

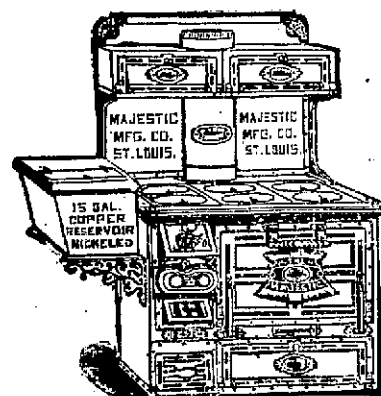

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at \$6.71

DECEASED RELATED TO PATRICK HENRY

AGNES GLENDENNING WHO
DIED AT ASYLUM.

Her Grandmother Was a Sister of the Great American Who Once Ruled the State of Virginia—The Funeral of Mr. Feeley Was Held This Morning.

Agnes Glendenning, whose funeral took place this morning from the Rock county asylum at 10 o'clock, was a relative to that great American statesman, Patrick Henry. Agnes Glendenning's grandmother, was a sister of Patrick Henry. Miss Glendenning frequently referred this relationship during her years of confinement at the asylum.

Agnes Glendenning was born in Scotland, June 1, 1818, came to Delaware county, N. Y., with her father in 1829, and to Janesville in 1845, in which vicinity she has since resided. Patrick Henry was born at Studley, Virginia, May 29, 1736; he died at Red Hill, Virginia, June 6, 1799. He was a celebrated American orator and patriot. He was a son of John Henry, a Scotchman and in 1760 was admitted to practice law. He offered a series of resolutions declaring the stamp act unconstitutional. He was a prominent member of the Constitutional Congress of 1774 and of the Virginia convention of 1775. Mr. Henry was twice elected governor of Virginia.

The remains of Miss Glendenning were laid to rest this morning in the Old Burial cemetery.

SOCIETY EVENTS CONTINUE NUMEROUS

Card Parties Are Never Lacking—Several Events Scheduled From Now Till Beginning of Lent

From now until the beginning of Lent local residents will not lack for the want of society functions. Many are scheduled for next week.

Mr. and Mrs. A. C. Pond entertained a number of friends this afternoon at their Jackman street home.

Mrs. Stanley B. Smith was hostess this afternoon at her Forest Park home. Members of a ladies' card club were her guests.

Mrs. W. A. Jackson entertained members of a young ladies' card club Wednesday afternoon.

Mrs. H. W. Frick will have as guests members of the I. M. C. card club Monday evening.

The Mississippi Golf club's masquerade picnic is to be well attended next week at the Armory.

Mrs. W. H. Palmer entertained yesterday afternoon at her spacious East street home in honor of Miss Shattuck of Minneapolis.

Mrs. David K. Jeffris, at her St. Lawrence Place home, was hostess at a delightful function held Thursday afternoon.

Mrs. George E. King will entertain a number of friends this evening at the home of Mrs. Watson.

Mr. and Mrs. Wallace Cochran entertained the Nonesuch cinder club at their home last evening. Refreshments were served. Mrs. William H. Appleby won the consolation prize, and James Earle won the first prize.

CARRIAGE SENT FROM HERE

Beloit Obligated to Come to Janesville For Her Sweet Outfit.

When Beloit has a swell function on she is obliged to send to Janesville for her carriages. That is when she wants backs that are heated, have electric bells and rubber tires. At the Morse Ingersoll wedding, C. C. McLean of this city furnished the carriages for the bride and groom and near relatives. This is not the first time that carriages have been sent from Janesville to Beloit to serve at weddings.

UNIVERSITY BOYS ARRIVE

Will Appear This Evening at the Myers Grand Opera House

Members of the Wisconsin state university glee club arrived in Janesville today from Beloit. This evening at the Myers Grand Opera House there will be a concert preceded by a one act play entitled, "The Professor's Daughter." The club should be greeted by a crowded house here. At Beloit last evening the concert was a success. A reception and ball was given the visitors at Knights of Pythias hall after the concert.

EXECUTOR'S FINAL ACCOUNT

Before Judge Sale This Morning the Hayner Will Was Gone Over

Before Judge J. W. Sale of the Rock county court was heard this morning the case in the settlement of the will of the late William H. Hayner, who died last spring at his home in the town of Rock. He left his estate to his two sons, John and Marvin Hayner. The case this morning was the settlement of the executor's final account. W. A. Jackson and M. O. Mount appeared as interested parties.

WISCONSIN KING WAS SOLD

Horse Known Here Brought Only \$140 at a New York Auction

Wisconsin King, the Rockford horse owned by Z. R. Sturtevant, who only a few years ago was regarded as worth a bunch of money up in the thousands, was sold in New York the other day at a big auction sale of horses for \$150 according to the last number of the Horse Review.

The King was once a most promising track animal and Mr. Sturtevant refused a very handsome sum for him. He didn't turn out as speedy as was expected, however, and was recently shipped to New York and placed on the market. Wisconsin King is well known having on several occasions trotted on the Janesville track.

To Establish a Cement Mill.

New Albany, Ind., Feb. 24.—A syndicate of New York and German capitalists are negotiating for the purchase of a large tract of land near Milltown, Ind., twenty-five miles west of New Albany, on the Louisville & St. Louis Air Line railroad, with a view of establishing a cement mill for the manufacture of Portland cement. Samples of the coillite limestone found in large quantities in that section have been sent to Germany to be tested by expert chemists.

FOURTEEN YEAR OLD GIRL WILL MARRY

LICENSE WAS GRANTED GROOM
YESTERDAY.

Youngest Prospective Bride Ever Granted a License Since the Law Went into Effect—Both Reside in the Town of Avon and Are Well Known and Prime Favorites.

Carl Risvold, a prosperous farmer of the town of Avon, has been granted a marriage license to wed Miss Belle Jones.

There is nothing strange about this as the granting of marriage licenses by County Clerk Frank P. Starr is an every day occurrence.

It is the age of the prospective bride that makes the coming nuptial event of unusual interest. Miss Jones is fourteen years of age. Mr. Risvold is a man of about twenty three. On Wednesday last the prospective groom drove to town to secure the necessary license. The day being George Washington's birth day the county offices were all closed.

But this did not bother the happy man who made haste to the home of Mr. Starr. He made known his wants in a short space of time. He produced the necessary paper stating that his young lady love had secured the consent of both father and mother.

The paper that he produced was not in regular form as required by law. Mr. Risvold then hastened home; the young lady's parents made their way to the nearest justice of the peace, where the legal documents were secured. Mr. Risvold arrived in the city yesterday, and was given his much sought license.

LOCAL LEAF MARKET DECIDEDLY QUIET

Purchasers Have Been Scarce of Late—Prices Have Been Ranging From Five to Seven Cents.

The local market is most decidedly dull this week and, but very little is being done in the way of buying, only now and then a purchase being made. The crops unsold in the hands of the growers are so few that a great deal of riding has to be done to get any tobacco says Farm and Home.

Prices range from 5 to 7 cents with an average of 6 cents.

In old goods a goodly number of mail order sales have been made but few lots of any size are sold, owing to limited stocks held by local packers, except by few firms.

Work around the warehouses is booming and assorting rooms are busy hives of industry. Deliveries by the farmers have been liberal this week, keeping the stocks in the warehouses full to overflowing.

LOCAL RELATIVES COME TO RESCUE

Alderman E. F. Carpenter Sent to Chicago to Relieve Richard McNeil from His Present Difficulty

Alderman E. F. Carpenter was in Chicago today as attorney for local relatives, who have come to the rescue of Richard McNeil of this city, who was arrested in Chicago charged with passing worthless checks. It is said that Mr. McNeil will settle the matter with the proper authorities and that in all probability the case against him will be dropped.

ZERO WEATHER PREVAILING

At Six O'clock This Morning the Thermometers Said Ten Below.

The below zero weather prevailed in Janesville at an early hour this morning. A strong wind made the atmosphere biting cold. This weather is just what a certain number of merchants have been looking for and if it continues they will be just so much better pleased. But not so with the general public. Moderate winter weather that has prevailed the greater portion of the winter is much more desired. It is hoped that the weather clerk will take the hint.

NOLAN HEARD IN REBUTTAL

Attorney-General of Montana a Witness in the Clark Case.

Washington, Feb. 24.—When the senate committee on elections met Mr. Faulkner, for the defense in the Clark case, announced that he had determined to rest for the present. There may be two or three witnesses called later, but they were not now in attendance. C. W. Clark was recalled for a few unimportant questions and then Attorney-General Nolan of Montana was placed on the stand by the protestants, in rebuttal of the testimony adduced by the witnesses for Mr. Clark. Mr. Nolan said he had become acquainted with Marcus Daly in 1896 and that while he had been in office since that date Mr. Daly had never attempted in any way to interfere with him in the performance of his duties.

Referring to the grand jury proceedings, Mr. Nolan said that he had told the court that the \$30,000 used by Whiteside in his exposure was evidence either of conspiracy on the part of Whiteside or of bribery on the part of Whiteside and that he insisted on a finding one way or the other.

The witness said that he had participated in the campaign of 1898 in the interest of the democratic ticket. The expenses of the state committee were, he said, about \$9,000, as shown by official statement. Recess was then taken.

DISTRICT ATTORNEY TO WED

This Time It Is the District Attorney of Shawano County

County Clerk F. P. Starr has granted to Edgar V. Werner, district attorney of Shawano county, a marriage license to wed Miss Jessie M. Davis of the town of Milton. The prospective groom is a prominent attorney and is well known in all portions of Shawano county. The bride-to-be is the daughter of one of Rock county's most wealthy and prosperous farmers.

Wisconsin Land of Beauty.

J. G. Monahan, editor of the Burlington Republican, has written a song entitled "Wisconsin Land of Beauty," the object of the production being to give Wisconsin a state song that will be to this state what "My Old Kentucky Home" is to Kentucky. Mr. Monahan is one of the loyal sons of Wisconsin, and says if this effort shall become what he expects it to be his reward will be sufficient without any further recompense. The song is very pretty, and when sung as a solo, and the chorus by a quartet, makes a hit. Undoubtedly Mr. Monahan's hopes will be fully realized, the production attaining great popularity immediately it was given out this week. The song is the result of deep study and thought by a man who controls a poetic pen and knows the beauties of the state he describes. The music was written by Mrs. Olive Monahan Otis. Mr. Monahan's sister. If Wisconsin should ever determine to have an "official state song" this one would without doubt lead in the contest that would follow.

Men and Women of America.

Fellow Beings: Will you believe on strongest possible evidence—No, that is asking too much at first—but will you risk twenty-five cents to learn for yourself that there is now within your reach almost instant relief from pain and nearly all kinds of indisposition?

We know this from our personal experience, our family experience, prominent medical testimony, and the experience of thousands, who now join with us in telling others what a blessing to humanity has been found in "Orangeine," a little five-grain powder of delicately balanced remedies secured from the life practice of a skillful physician.

"Orangeine" is harmless beyond question, beneficial and efficacious beyond description. Its great usefulness has interested four Yale graduates in our active staff, and our list of stockholders includes men of great business and professional prominence, both East and West.

ENGINEER CHURCH INJURED IN WRECK

Cut About Head And It Is Feared He Is Injured Internally—He Will Recover.

Engineer Oliver E. Church, residing at the corner of High and Race streets, was badly injured in a railroad wreck this morning near Watertown.

He was brought to this city this noon, and taken to his home, where he was attended by the company's physician, Dr. W. H. Palmer.

Engineer Church's injuries are not of a serious nature. He was badly bruised and cut and complains of being injured internally. No bones were broken. The wreck was a head end collision between two freight trains that collided a half mile this side of Watertown on the Chicago & Northwestern railroad.

Engineer Church left Janesville this morning in charge of one of the engines on a double head freight. All went well till a curve was rounded near Watertown. Then the double header came suddenly on a freight that was at a standstill. The collision followed.

The engineers and firemen remained at their posts. No one was killed. Physicians and a wrecking crew were soon on the scene. At 1 o'clock the track was cleared.

Spring the Time to Get Yourself Well.

DR. GREENE'S NERVURA

Blood and Nerve Remedy

Is the Greatest Spring Tonic and Restorative the World Has Ever Known.

Isn't it a happy home nest?
And what makes it happy?

Why, health—vigorous, hearty health—the kind that moves the world, and fills life with music—the kind that comes from blood—rich, red, and pure—from nerves firm like steel, and strong to endure.

This glorious strength is the heritage of every man and woman in the world. If you have not got it—get it. Now is the time when nature is about to bloom anew. Make a fresh springtime in your own life. Get Dr. Greene's Nervura blood and nerve remedy and take it regularly until the poisons of winter have been driven from your system.

It will fill the shriveled veins with the healthful, leaping blood of life. It will put vital electricity into those weak and trembling nerves. It will build up firm, white flesh, vigorous muscle, spur on the appetite, and strengthen the digestion.

Dr. Greene's Nervura blood and nerve remedy is absolutely the best spring medicine in the world. It cures general debility, dyspepsia, nervousness, insomnia, listlessness, "the blues," constipation, and the thousand-and-one ills that come from impoverished blood and weak nerves.

Remember—it cures.

Mr. A. C. Snow, 437 Aoushnet Ave., New Bedford, Mass., says:—

"I have taken Dr. Greene's Nervura blood and nerve remedy for nervous troubles, which occasion seemed to require, for the past two or three years, and have derived great benefit from its use. I regard it as the best remedy for nervous troubles. My wife has also received benefit from the remedy. We both recommend Dr. Greene's Nervura blood and nerve remedy to our friends."

L. J. McCORMICK'S WILL FILED.

Estate Valued at \$4,135,000 Left to Trust for Twenty Years.

Chicago, Feb. 24.—The will of the late Leonard J. McCormick, whose funeral took place Wednesday from the Fourth Presbyterian church, has been filed for probate. In the petition, the value of the estate is fixed at \$4,135,000, the property being listed as \$4,000,000 in real estate and \$135,000 personal property. Attorney George A. Carpenter, of the firm of Pence, Carpenter & High, who filed the will, admitted that the estate would figure up to \$5,000,000, perhaps more. The estate is left in trust to R. Hall McCormick, who is nominated as executor of the will. It is directed that the estate shall be held in trust for the term of twenty years, and at the expiration of that time that shall be equally divided among the three surviving heirs, or their children. Until the limit of the twenty years is reached it is provided that each of the heirs shall receive from the income of the estate \$20,000 a year. The surviving heirs are: R. Hall McCormick, Leonard Hamilton McCormick of Chicago and Mrs. Nettie L. Goodhart, wife of F. E. Goodhart of Hadlow castle, Kent, England. To Mrs. Goodhart \$75,000 is left for a residence.

Reports on Lehmann Estate.

Chicago, Feb. 24.—Mrs. Augusta Lehmann, widow of R. J. Lehmann, founder of the Fair, has made her last report as conservatrix of the estate to the Probate court. It covered the receipts and expenditures from June 1, 1898, to the time when she was appointed one of the executors of the will. The report shows that last year the profits from the business belonging to Mr. Lehmann and going to him were about \$500,000.

Howard Moses Is Chosen.

Washington, Feb. 24.—President McKinley has appointed Howard Moses of California as the fifth member of the new Philippine commission, and the appointment has been accepted. Mr. Moses is professor of political economy in the University of California.

Honor to Davis' Memory.

Richmond, Va., Feb. 24.—The Virginia legislature has made June 3 a legal holiday, and a day of recreation in the public schools in honor of Jefferson Davis' birthday. Men of all parties in the legislature voted for it.

Cardinal Richard Very Ill.

Paris, Feb. 24.—Cardinal Richard, archbishop of Paris, is seriously ill, and is confined to his room.

WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing. It takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about as much. All grocers sell it. Use and see.

ENTERPRISE, ODORLESS, INSTANTANEOUS BLUE FLAME OIL COOK STOVES.

There are a number of Blue Flame Oil Stoves but all of them require from five to six minutes from the time of first lighting before acquiring a perfect flame of full volume, and in the meantime they give off more or less odor. This stove produces a perfect, odorless, blue flame of full volume at the instant of first lighting, equal to that produced by any gas range burner. It is so simple that no instructions are required to operate it with the best results. In fact, it revolutionizes the Gasoline and Oil Stove business. You will have no other if you see this.

LATE NEWS BY TELEGRAPH.

GERMANY UNDER SUSPICION.

Notion Entertained She Is Backing Spain's Claim to Added Islands.

UNITED STATES WILL HOLD ON.

Has No Intention of Relinquishing Its Rights—Maintains the Islands in Question Were Included in the Treaty of Cession Signed at Paris.

Washington, Feb. 24.—The government has reason to suspect that Germany is behind the Spanish government in its claim that the islands of Sibutu and Gagayan, Sulu, which were not included within the bounds of the Philippine territory described in the Paris treaty, were not transferred to the United States with the rest of the Philippines, and therefore remain the property of Spain.

Some consideration to Spain's representations was given by the president and the cabinet at their meeting Friday, and after the meeting your correspondent learned from a cabinet officer that the statement that the United States would withdraw its authority over the islands was an error. On the contrary, the government adheres to its previous contention that both islands were transferred to the United States by the treaty of Paris. No answer has been made to Spain's representations.

While contending that the islands are American territory, the government is making inquiries with a view to reaching a definite conclusion as to the justice of the Spanish representations, so it cannot be said with certainty at this time that Sibutu and Gagayan, Sulu, will be retained.

German officials have been making inquiries recently about the ownership of the islands, and the fact that these inquiries were practically coincident with Spain's representations looking to their return to her is regarded here as significant. Both islands are strategically important and would be of advantage as naval stations in a war with this country.

TAKES UP THE QUAY CASE.

Senate to Consider It by a Vote of 34 to 28.

Washington, Feb. 24.—The senate has decided to take up the Quay case by a vote of 34 to 28.

Senator Penrose caught the majority of the senators unprepared to vote, and although the specific announcement was made that the vote was exclusively upon the motion of Senator Penrose to bring up the Quay resolution for consideration, and not upon the merits of the case, the friends of the Pennsylvania "boss" and those in favor of seating him make no attempt to conceal their gratification, and regard the vote as a test of the sentiment in the senate in favor of seating Quay.

Senator Gallinger favorably reported from the committee on commerce the bill for the appointment of a commission to visit Asia in the interest of trade.

The debate upon the Porto Rican tariff bill was resumed in the house.

Mr. Payne (N. Y.), the floor leader of the majority, gave notice that on Monday he would move to close general debate.

Amendments to Subsidy Bill.

Washington, Feb. 24.—The senate commerce committee has made public the amendments to the Hanna-Payne shipping bill which were agreed upon at a conference of the republican members of the senate and house committees. The two committees will take up the amended bill next week and will endeavor to perfect it so that the united support of the republican members of congress can be secured. The amendments provide that vessels built prior to Jan. 1, 1900, shall draw the subsidy only ten years. The design of this amendment is to encourage the building of new vessels. Full subsidy is to be paid to outward-bound vessels only when their cargoes equal 50 per cent of their gross tonnage.

Gold Standard Agreed Upon.

Washington, Feb. 24.—A bill which declares gold to be the standard of value in the United States, and gives comprehensive powers to the secretary of the treasury to maintain the standard, has been agreed upon by the conference committee of the two houses of congress. The bill has been changed in many details from both the senate and house bills, and is declared by advocates of sound-money legislation to be a great improvement upon either bill as originally passed. The declaration for the gold standard is now independent of former laws, and cannot involve any question whether gold has been the standard in the past or not. The gold dollar is made the standard for the future, and it is declared that all other money of the United States shall be maintained at a parity with this standard.

G. C. Clemens' Platform.

Topeka, Kan., Feb. 24.—A movement has been started among the populists who bolted the recent populist conference at Lincoln, Neb., to nominate G. C. Clemens of Topeka for president on a straight-out populist ticket. When interviewed Clemens said: "If the 'middle of the roads' would stand for international socialism, take the socialist view of trusts, let Bryanism and free silver go, and stand for flat money

redeemable only in service by the government's transportation, telegraph and postal systems, and in products from public stores, and would denounce the imperialism issue as an attempt to divide the people and make them fight another sham battle to drown the cry of misery, if nominated I will make the race."

CZAR'S SHIP IN PERSIAN GULF.

Bombing Dispatch Says a Russian Cruiser or Has Appeared There.

London, Feb. 24.—A dispatch from Bombay asserts that a Russian cruiser has made its appearance in the Persian gulf, and that the British warship Pomone, with the gunboat Sohinx, has been dispatched to the gulf.

Speaking of the chances of Russia taking hostile steps in the present juncture, the St. Petersburg correspondent of the Daily Telegraph says: "Gen. Kuropatkin, Russian minister for war, suggested that it would be a good time, while England's hands were tied in South Africa, the czar declined to give any countenance to any movement in favor of attacking Great Britain's difficulties."

St. Petersburg, Feb. 24.—I have received from a correspondent in Teheran, Persia, the authenticity of whose information is not open to question, a letter declaring that already 50,000 Russian soldiers are concentrating in the interior of Persia.

These troops have advanced quietly, passing the Russian-Persian frontier in small, separate detachments—all during the last ten or twelve days.

Russian troops are still being dispatched daily to the frontier of Afghanistan.

HARD BLOW DEALT TO FRAUD.

Five Get Rich-Quick Establishments Are Raided by the Police.

Chicago, Feb. 24.—Detectives raided a number of "get-rich-quick" concerns Friday and carried their effects to the Harrison street police station, where they will be used in evidence against several persons who have been conducting turf and investment concerns. Among the concerns raided was the later Ocean Commission company, the Co-operative Trust company, at No. 84 Adams street; D. W. Moody, No. 182 Dearborn street; the Investors' Protective association, Rialto building; and the office of the Security Savings society, Security building. Chief of Detectives Colerain says that all persons operating games like those raided had better close up, as they will not be permitted to run in the future. It is said these concerns have swindled their victims out of fully a million dollars within the past few months.

THREE KILLED IN A FIGHT.

Fatal Result of a Quarrel Over a Suit for a Rent Debt.

Birmingham, Ala., Feb. 24.—Walter Stevens, a prominent planter, sued Sylvester Hinson, his nephew, for a rent debt, and the case was to have been tried Friday, but a continuance was granted on request of Hinson. As the men were leaving the courtroom Hinson and Stevens quarreled over the matter. Both had friends present, and a general battle followed, in which pistols, knives and stones were used. Jack Boyd, a bystander, was shot through the heart and killed; Hinson was shot in the breast and died a few moments later. Stevens was shot through both legs and died two hours later. Another man, whose name could not be learned, was seriously cut, and another was hit by a rock and badly hurt. No arrests have been made. Further bloodshed is feared.

Gaugette Is Thrown Down.

Boston, Mass., Feb. 24.—Massachusetts members of the American Protective association have thrown down the gauntlet to Supreme President H. F. Bowers of Clinton, Iowa. At a meeting held here the members declared their absolute freedom from the dictation of President Bowers, as a result of his recent order suspending all the officers of the state body of Massachusetts and dissolving the state council. Both President Alexander Knox and Secretary Frank J. Batchelder are opposed to what they term the "tyrannical despotism" of the supreme president, who, they say, has worked politics into the order.

Wolcott Whips Choyanski.

New York, Feb. 24.—Joe Wolcott treated the crowd gathered in the Broadway Athletic club Friday night to a genuine surprise by practically knocking out Joe Choyanski, the well-known California heavyweight, who recently scored an impressive victory over big Peter Maher in a six-round bout at Chicago. Choyanski was so badly pounded that the referee stopped the fight in the seventh round.

SPANISH FLAG MAY FLY.

Can Placed Upon It in Cuba Has Been Removed.

AN EVIDENCE OF AMITY.

Arrival of Bishop Sharratt This Evening Expected to Cause Trouble—Proclamations Taken to Prevent an Outbreak by the Radical Element.

Havana, Feb. 24.—Mayor Landero has issued an order rescinding the one issued last October, which prohibited the display of the Spanish flag. He bases the change on his belief that the present conditions are so different from those prevailing at the time the original order was issued that the flag can now be displayed without its causing a breach of public order.

Friends of the Spanish say that the new order is due to the kindly spirit which the Spaniards have shown in regard to the observation of the anniversary today of the outbreak of the last revolution. The chamber of commerce, the membership of which is largely Spanish, was closed in honor of the day.

Opposition to Bishop Sharratt is growing more pronounced and the radical element is unanimously urging a demonstration against him at the wharf when he arrives this afternoon. Steps have been taken by the police to prevent a disturbance. The Cuban newspapers, while they still strongly insist upon the injustice of the bishop's appointment, deprecate any attempt at creating a disturbance. Gen. Maximo Gomez has written a letter opposing any unseemly action. His letter was called out by a circular signed by various officers of the revolution calling upon the people to go to the wharf and manifest their disapproval of the appointment. These circulars were scattered all over the city. It is represented by some of the papers that the opposition to Mr. Sharratt does not come from the radicals alone, for even the Cuban priests oppose his appointment. The conservative protesters, however, do not want even a semblance of rioting, realizing that such action would injure the island.

A Hindoo believing in the transmigration of souls,

ate no animal food, because in destroying even a worm he might be destroying the body occupied by an ancestor. A traveler coming upon the Brahmin taking his vegetable meal, told him it was impossible to avoid destruction of animal life and, to prove it, focused a microscope on the fruit the Brahmin was eating. That pious person drew back horrified at the living forms he saw. What did he do? Throw away the fruit? Not he! He smashed the microscope and went on with his meal.

There are people who are suffering with weak lungs. They have an obstinate cough, are weak, emaciated, hopeless. They have been taught there's no hope for them. Some one puts into their hands one of Dr. Pierce's books or advertisements and through this medium they see healthy, happy men and women, who declare that their lungs had been weak, they had been racked by coughs, had been emaciated, feeble, hopeless, and were positively and permanently cured by Dr. Pierce's Golden Medical Discovery. These cures can be numbered by scores of thousands.

Are you sick? Will you throw aside the advertisement, break the microscope, or will you make one effort for health? Write to Dr. R. V. Pierce, at Buffalo, N. Y. QUESTIONS FOR WOMEN.

If you were offered sure aid in time of trouble, would you put it aside and accept something of doubtful efficiency?

If you saw before you a strong and safe bridge leading to your goal, would you ignore it to try some insecure and tottering structure?

The answers to these questions are plain. You would, of course, choose without hesitation what all evidence showed to be the safe thing, and you would risk nothing in useless experiments.

Why then do some women risk one of their most precious possessions—their health—in trying medicines of unknown value, which may even prove hurtful to them?

Lydia E. Pinkham's Vegetable Compound has stood the test of years. It has the largest sale of any remedy for female ills in the world, and nothing could have given it this sale except its own merit.

Do not try experiments, buy what is known to be reliable. Mrs. Pinkham's Compound can do all that is claimed for it, and all statements in regard to it can be easily verified. For instance—Here are six letters which prove our claims.

Backache and Womb Troubles Succumb to Lydia E. Pinkham's Vegetable Compound.

"I have been for ten years an invalid with female weakness, and the torture and pain I suffered no tongue can tell. I never spent one week in ten years that I was free from pain. My trouble was inflammation and congestion of the womb. When I commenced to take your remedy I had been bedfast for some time under the treatment of two of the best physicians in Illinois without receiving any benefit. You can imagine the benefit I derived from Lydia E. Pinkham's Vegetable Compound when I tell you that I have gained forty pounds and am well—a thing I never dared to expect."—Mrs. C. E. Folland, Monett, Mo.

"For a number of years I was troubled with backache and leucorrhea. I became so weak and miserable that I could not attend to my work or studies. The least effort would completely exhaust me. Physicians failed to help me. I felt that my youth was blighted, and the life before me would be one of suffering and misery. Then a friend insisted on me taking your medicine. Before I had used one bottle I was greatly relieved. I had not known a well day for four years, but now I feel better than I have since a child, and it is all due to Lydia E. Pinkham's Vegetable Compound."—Miss May B. Stevenson, Alliance, O.

Facts About Two Cases of Falling of the Womb Recovered by Lydia E. Pinkham's Vegetable Compound.

"I suffered for fifteen years without finding any relief. I tried doctors, but nothing seemed to do me any good. I had falling of the womb, leucorrhea, pain in the back and head, and those bearing-down pains. One bottle of Lydia E. Pinkham's Vegetable Compound did me so much good that I sent for four more, also two boxes of Liver Pills and one package of Sanative Wash. After using these I felt like a new woman."—Mrs. G. A. Winter, Glidden, Ia., Box 220.

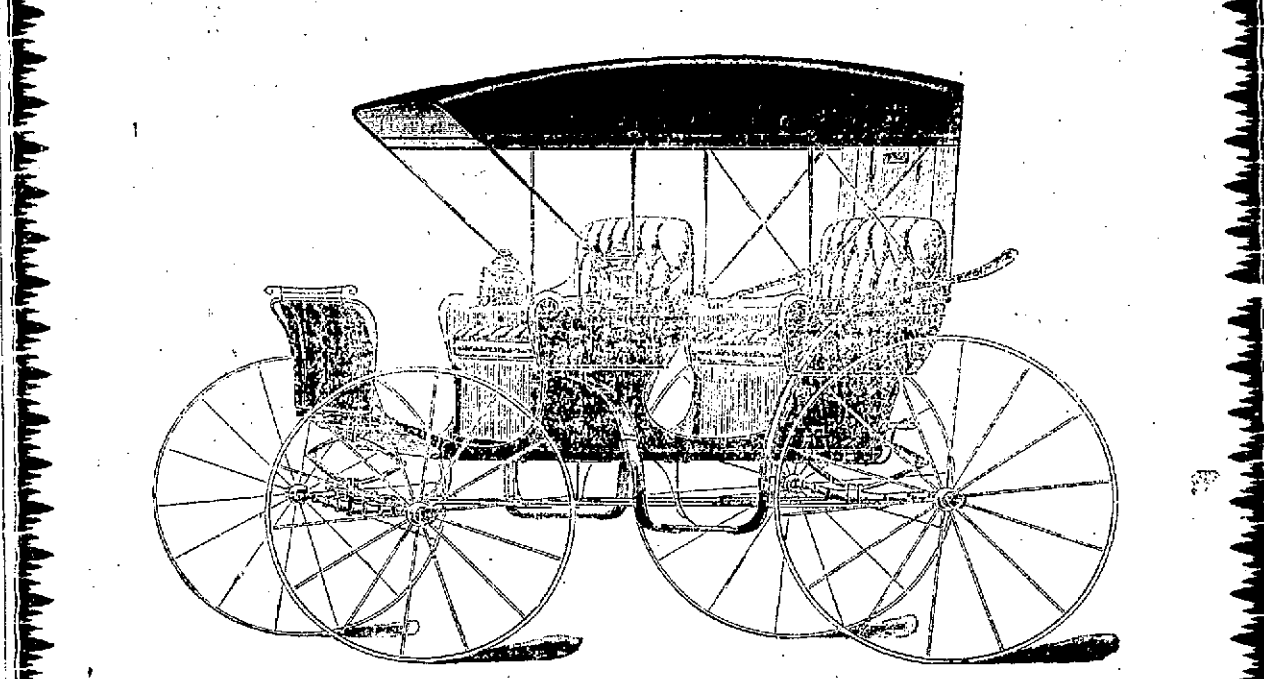

"I was suffering with falling of the womb, painful menstruation, headache, backache, pain in groins, extending into the limbs; also a terrible pain at left womb. The pain in my back was dreadful during menstruation, and my head would ache until I would be nearly crazy. Lydia E. Pinkham's Vegetable Compound has given me great relief. I suffer no pain now, and I give your medicine all the praise."—Mrs. J. P. McSpadden, Rosenberg, Tex.

Ovarian Troubles Always Yield to Lydia E. Pinkham's Vegetable Compound.

"I had been in poor health for twenty years, having inflammation of ovaries and womb trouble. Although treated by physicians, I could not gain strength nor do my work, and was so low-spirited and tired of life. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. The first bottle strengthened me, and I wrote to you. After taking six bottles can say that I am well and can even go washing."—Mrs. M. W. Miller, No. 1033 Canal Street, New Orleans, La.

"For three years I suffered with ovarian trouble, having inflammation and an abscess on right ovary. Had such pain in my back and head, and at times was unable to walk. Had several doctors, but they did not do me much good. One doctor said that I would have to have an operation and have the ovary removed. I became discouraged and gave up all hopes of getting well. I began taking Lydia E. Pinkham's Vegetable Compound. I wrote to Mrs. Pinkham and followed her directions faithfully, and am better than I have been for three years. I have taken ten bottles, and my friends are surprised at my rapid improvement."—Mrs. W. H. Walters, Cold Spring Harbor, L. I. N. Y.

DEMOCRATS PLAN A CAMPAIGN.

National Association of Clubs' Executive Committee in Session.

Washington, Feb. 24.—The executive committee of the National Association of Democratic Clubs met here to discuss plans for the presidential campaign, prepare for the annual election of officers of the association and select a place and date for the convention this year. Congressman Sibley of Pennsylvania, who has turned his back upon the anti-imperialists and the silver advocates, is on the executive committee. Action in regard to him is talked of. Delegations from Cincinnati and Indianapolis to get the convention are present and the outlook favors Indianapolis. Gov. McMillin of Tennessee is regarded as the next president, succeeding C. F. Black. The date of the convention will be later than that of the democratic national convention.

PROVE ALL THINGS.

This Command is Easy to Fulfill in Janesville.

To win a wager an English Marquis stood on London bridge and offered for an hour British sovereigns (\$400 for five shillings (\$1.25)). He could not find a customer. There are several good reasons why the ordinary mortal could not be induced to buy, but no reason can be given why Janesville people will not accept the following convincing proof about Doan's Kidney Pills. Read this:

Mr. Thos. Pratt of 281 South Main St. says: "I doctored off and on for forty years, attempting to rid myself of back-ache, which came on by spells, very painful when at their height and even when somewhat allayed, the dull aching was sure to manifest itself. If I overtaxed myself, caught cold or did any work which brought a strain on the muscles of the back, often I have been so lame and sore that there were days I was confined to my room almost helpless, certainly unable to get up or down. Like a great many other people in Janesville I procured Doan's Kidney Pills at the People's Drug Co.'s store, led to do so by the peculiar advertisement which riveted my attention. After taking a thorough course of the remedy I was able to go to the quarry and sling an eighteen pound hammer without showing any signs of a recurrence. If I am subjected to future attacks I know what remedy to employ."

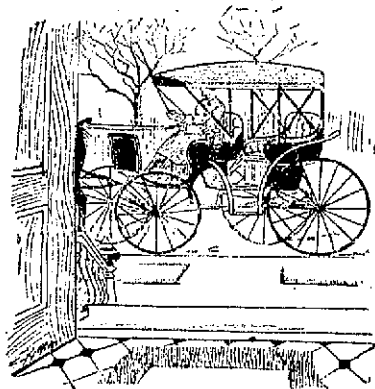

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

\$50 Quick Meal Steel Range GIVEN AWAY.

Mrs. Charles Baines, of the town of Rock, won the above prize at the Midwinter Fair, given for the best loaf of bread. There were 199 competing for this prize and the best had to be good indeed. Mrs. Baines was a competitor a year ago for the bread prize, but failed, owing to a stove that wouldn't work as she wanted it to. Only a few days ago she bought a stove of us and it was with this that she baked the bread that won the prize. Mrs. Baines deserves the many congratulations that are being poured in upon her.
